SCHEDULE ED ECONOMIC DEVELOPMENT

PURPOSE

In the interest of economic development, this special rate schedule is offered to help attract large commercial or industrial customers to the service area of Imperial Irrigation District (IID).

APPLICABILITY

This special rate schedule is applicable to new or expanding commercial or industrial customers with a new load of 500 kW or greater and with an annual load factor of 55% or higher. Service under this schedule is limited to 50 customers or a total aggregated load of 25 MW. This rate is not applicable for standby, supplemental, or resale services.

New or expanding customers are defined as:

- Businesses that are newly locating in IID's service area. Businesses that are relocating an existing load within IID's service area are NOT eligible.
- Existing accounts that have been inactive (100 kWh usage or less per month) for 18 months or longer.
- Existing accounts that are adding a load that is 500 kW or greater than the customer's historical bills from the past 12 months.

MONTHLY RATE

The monthly rate shall be the sum of A, B, and C below:

- | | | |
|----|------------------------|---|
| A. | Demand Charge | \$20 per kW of Billing Demand |
| B. | Energy Charge | 2.00 ¢ per kWh |
| C. | Energy Cost Adjustment | amount computed in accordance with Schedule ECA, applies to all customers |

SAMPLE BILLING

Shown below is an example monthly billing for a Schedule ED customer and savings achievable (as a function of load factor) compared to the normally applicable Schedule GL Rate:
